

## **Coronavirus Protective Measures at the Best Western Plus Hotel Bahnhof Schaffhausen**

Your safety is our number one priority. For this reason, we have developed a comprehensive safety concept as well as ensuring full compliance with all the prescribed protective measures.

### **General Information**

- Hand disinfection dispensers are located at the central entrance and throughout the establishment for your own use.
- Floor markings ensure that different visitor groups do not mingle.
- You will be informed about the protective measures during check-in at our hotel and accompanied by one of our employees.
- Signs about guest hygiene are clearly displayed at the corresponding locations.

### **Cleaning and Rooms**

- Cleaning and disinfection are given the highest priority. All cleaning standards are strictly observed. Hotspots in our public spaces are also disinfected at intervals.
- In our guests' rooms, we avoid using objects that have been touched multiple times as far as possible. Such objects are disinfected or replaced during cleaning.

### **Employee Safety Precautions**

- Thanks to plexiglass screens at our hotel reception, we can do without a face mask and so greet you with a warm smile.
- People who work in close proximity with one another for extended periods and who cannot always maintain the minimum distance of 1.5 meters wear hygiene masks.

### **Breakfast Restaurant**

- The minimum distance of 1.5 meters is maintained in our breakfast restaurant.
- All cleaning standards are strictly observed. Hotspots are also disinfected.
- The kitchen and service hygiene standards are strictly controlled and monitored.
- For your own safety and ours, we take note of which employee has served at your table.
- We offer you a fresh, regional breakfast. We offer you a richly varied breakfast experience. For your safety, all non-individually packaged products are served at the table.
